

La collezione Armani/Casa *Exclusive Wallcoverings Collection*, propone un'ampia gamma di rivestimenti murali caratterizzati da disegni pregiati, ispirati al tessile in seta e a motivi animalier, realizzati con tecniche attuali che donano al prodotto un pregiato effetto texture luminoso e materico. Le nuance classiche della collezione come il color ghiaccio, oro pallido, tortora e grigio si alternano a toni più intensi quali il blu, l'azzurro, il verde salvia sino al rosso pompeiano.

The collection Armani/Casa *Exclusive Wallcoverings Collection* offers a wide selection of wallcoverings characterized by refined designs with an oriental touch inspired by nature and stones and made in exquisite materials that give spaces a sophisticated allure and an elegant decorative signature. The classical nuances like ice white, pale gold, dove-grey and grey alternates to intenser colors like blue, light blue, sage green and pompeian red.
