*Antilles*

Fern Stripe wallcovering & fabric. Stirling Chairs in Indienne Hazel. Tablecloth & chair welting in Saybrook Check.

The Antilles collection encompasses a thoughtful balance between 18th century French Provincial designs and historical reproductions of exotic, brightly colored motifs from India known as *Indiennes*. These patterns of coordinating fabric and wallcoverings were influenced by the extensive history of the islands' legendary agricultural developments and the highly treasured legacy of the indigo crop. A mix of scenic elements and elegant details taken from antique documents round out this offering of timeless designs.
